DETAILED ACTION

Allowable Subject Matter

1. Claims 1 & 3-31 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art does not disclose or fairly suggest wherein a method having all the combined features of the invention like:

“A method of allocating a communication medium between a plurality of stations in a network, comprising:

Dynamically assigning one of the stations as a starting bus master;

The starting bus master establishing an order in which the stations have access to the communication medium;

Appointing an ending bus master to a last station in the order;

The starting bus master sending the order to all of the stations in the network;

The starting bus master initiating a message sequence with a beginning of sequence message;

The stations transmitting their messages after the beginning of sequence message according to the order;

Each station beginning transmission of its message upon receipt of an end of the message transmitted by the station immediately preceding it in the order; and

The ending bus master appending an end of sequence message which indicates an end of the message sequence”.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
